ABSTRACT

This directory lists grant and contract awards made under Title IV of the Higher Education Act of 1965. Grant awards for four discretionary grant programs (Educational Opportunity Centers, Special Services for Disadvantaged Students, Talent Search, and Upward Bound) are listed by State. The programs are arranged by the length of time the programs have been in operation within each State. The names and addresses of contractors who were awarded contracts to provide staff and leadership personnel training during Program Year 1978-79 to a selected group of grantees funded by the discretionary programs noted above are listed. Also included are the names and addresses of institutional and agency officials who were designated by the governors of States which are participating in a new State entitlement grant program, the Educational Information Centers Program. Funding levels are indicated for all grantees/contractors listed. (Author/EB)

FOREWORD

The 1978-79 edition of this directory lists grant and contract awards made under Title IV of the Higher Education Act of 1965, as amended. The directory is comprised of three major sections. The first section lists, by state, grant awards for four discretionary grant programs--Educational Opportunity Centers, Special Services for Disadvantaged Students, Talent Search and Upward Bound. The programs are arranged, within state, by the length of time the programs have been in operation, e.g., the Talent Search and Upward bound programs were initially funded in 1966; the Special Services program in 1970; and the Educational Opportunity Centers Program in 1974. The second section contains the name and address of the contractor who was awarded a contract, under a separate competitive procurement, to provide staff and leadership personnel training during Program Year 1978-79 to a selected group of grantees funded by the discretionary grant programs noted above. This is the first year a training contract was awarded. The third section contains the names and addresses of officials of institutions and agencies designated by the Governors of States which are participating in a new State entitlement grant program, the Educational Information Centers Program. Each section includes grantee/contractor names, addresses and funding levels.

Each grantee should review its entry for accuracy. If any errors are found in the spelling of names or in the address or telephone number, the "Request for Correction" sheet (found at the end of the directory) should be completed and mailed to:
